Division of Oil, Gas, and Mining
1594 West North Temple, Suite 1210
Salt Lake City, Utah 84114-5801

Subj: Extension Request for Submitting Responses to the Comments Concerning Reclamation Surety Calculations, Miracle Rock Mining and Research, Rockland Mine, M/015/0040, Emery County, Utah.

Miracle Rock Mining and Research (Miracle Rock) received comments concerning the Notice of Intention to Commence Large Mining Operations for revising the current bond calculations of the Rockland Mine Mining and Reclamation Plan. The Division found discrepancies in the said bond calculations which will require a revision or update to this plan.

Miracle Rock intends to respond to these discrepancies, however, because of the nature of the comments and required changes to the mining plan, Miracle Rock requests a 30 day extension to adequately respond to the deficiencies received in the Division's September 3, 2013 letter.

Your consideration to this request is greatly appreciated as the extra time to reconstruct the operation and reclamation plan will allow the delivery of a more detailed and updated plan, as well as, a more accurate bond estimate.

If you have any concerns with this request, please feel free to contact me any time at (435) 650-9233.

Sincerely,

Dennis Oakely
Permit Coordinator
Miracle Rock Mining and Research

Paul,

Attached is a letter requesting a 30 day extension to respond to the comments of the Divisions September 3, 2013 letter concerning Rockland Mine's revised bond. Please process this letter into your system. If the Division concurs with this request, please "courtesy copy" me in an email with the approved extension. If you need a "hard copy", let me know and I will be happy to send one to you. Thanks for your consideration.

Sincerely,

Dennis Oakley

Dennis--

Thank you for your letter. We'll give the extension as requested. Please consider this e mail as the official approval.
